

Safety Policy

This statement sets out the means by which L&M Keating Ltd. intends to manage the Safety, Health & Welfare of its employees & others as is so determined under the 2005 Safety, Health & Welfare at Work Act, the General Application Regulations of 2007, the Construction Regulations 2006 & 2013 and any other such Acts / Regulations / Codes of Practice that may be deemed applicable or subject to recent enactment.

We recognise our duties and obligations and are fully committed to implementing these. It is our intention to secure the safety of all who are concerned with our works, either directly or indirectly. In the pursuance of this aim, it shall be our intention to provide

- Necessary resources, suitable structures & procedures to reduce the potential of these risks arising with our workplace and workplace activities.
- To reduce any potential for the risk of endangerment of our employees & any other parties as a result of our works

Furthermore, it is our intention to ensure, as far as is reasonably practicable, the Safety, Health & Welfare of all our employees in so far as to meet our duties to Contractors / members of the public and others who may be affected by our operations by

- Provision & maintenance of safe place of work, equipment & machinery and safe systems of work.
- Provision of information, supervision, instruction & training to all employees and to non employees who may be affected by our activities
- The encouragement of the adopting of safe working procedures and the reporting of all accidents, dangerous occurrences or conditions at work

All employees have the responsibility to co-operate with supervisors and managers to achieve a healthy and safe workplace and to take reasonable care of themselves and others.

It is policy of this company to consult all staff and employees on matters of safety and health and employees are hereby notified of the company policy and are encouraged to comply with their duties under the 2005 Act; the 2007 General Application Regulations and the 2006 & 2013 Construction Regulations and to notify the company management of identified hazards in the workplace.

This company shall review its procedures, policies & practices on a regular basis in order to determine its effectiveness or in response to current changes / alterations / updates in legislation, Codes of Practice etc, that is relevant.

The Company aims to continually improve its safety and health performance by taking a pro-active approach to the management of safety and health as an integral part of managing a successful business.

Signed: 
Gordon O'Regan
Managing Director
